## DP9270/ DP9290

## Large-audience integration solutions

The Proxima DP9270 and DP9290 are versatile, high performance projectors designed to fulfill the needs of value-add simple installations, rental & staging and system integration sections of the projector market.

### KEY FEATURES AND HIGHLIGHTS

**User replaceable lens** for greater application flexibility. Rental & Staging customers will find this feature especially valuable giving them the ability to use one projector for many applications. SI and Installers who are not Authorized Service Centers can now spec in these products and know they can complete the job. This feature also allows greater flexibility in demonstrating these units with optional lenses. InFocus offers four Lens Options:

- Standard Lens (1.8 - 2.4:1)
- Wide Angle Fixed Lens (0.8:1) Key for rear projection applications.
- Wide Angle Zoom Lens (1.3 - 1.8:1) (Motorized)
- Long Throw Zoom Lens (2.4 - 4.3:1) (Motorized)

**Motorized lens shift** provides greater installation flexibility while maintaining the highest image quality for these projectors.

**Easy access to lamp.** Replaceable while the unit is installed in the ceiling, greatly increasing the serviceability of this unit.

**Easy access to video inputs** allows for flexibility in mounting this unit in the ceiling.
